Student Recognition for Heroism

Action Requested:

The Board of Education is asked to commend and present an award of recognition to Ramitesh and Ronitesh Kumar for their positive actions which epitomize the caring and communal spirit that makes Elk Grove students exceptional.

Discussion:

In early November, Mr. DinhThon, the night custodian at Prairie Elementary was removing the traffic cones from the bus lane near the street at Prairie Elementary. As he stepped off the golf cart for a few seconds to retrieve the cones, two middle school students approached him. One verbally distracted and harassed the custodian while the other boy hopped in the golf cart and started driving it away.

Two brothers, Ramitesh and Ronitesh Kumar (former students from Prairie Elementary and Samuel Jackman Middle, and now Valley High School) observed the commotion. As the middle school students attempted to escape, the Kumar brothers stepped in to assist the custodian. One of the brothers was able to stop one of the middle school students from escaping while the other brother ran after the second middle school student who managed to run away. The vice principal, Laura Anderson, arrived on the scene and overheard the Kumar brothers telling the student who been caught that it was wrong to steal, and that he could have been expelled for his actions. The custodian was very happy and told the administrators that the boys were his heroes.

At a student body assembly on November 17th, Principal Fawzia Keval, staff and students of Prairie Elementary recognized Ramitesh and Ronitesh Kumar for their heroic actions. The principals and vice principals from Samuel Jackman Middle School and Valley High School also were in attendance to acknowledge the students for their good deed.

The actions taken by Ramitesh and Ronitesh are to be applauded. We ask the Board of Education to recognize these outstanding examples of the fine young citizens and future leaders that Elk Grove Unified School District is proud to call their own.

Subject:
The EGUSD Internet Safety Challenge

Division: Communications

Action Requested: The Board is asked to acknowledge the 14 elementary schools that reached 100 percent participation on the first EGUSD Internet Safety Challenge and present prizes to the four schools that were randomly selected.

Discussion:

In 2010-2011 EGUSD implemented Board adopted Internet Safety curriculum at all elementary schools. As part of this program, in the fall of 2011 EGUSD launched its first Internet Safety Challenge. Students in grades 3 through 6 were invited to take an online quiz to assess their knowledge of Internet safety and digital citizenship skills.

As part of this program, EGUSD will designate those schools that reached 100 percent participation as EGUSD Internet Safety Challenge Schools. Each of these schools will receive a special logo that can be placed on their website to show their community that they have met the challenge. The following 14 schools will receive the logo and designation: C.W. Dillard, Elitha Donner, John Ehrhardt, Elk Grove, Franklin, Arlene Hein, Florence Markofer, James McKee, Pleasant Grove, David Reese, John Reith, Stone Lake, Mary Tsukamoto and Union House.

From these 14 schools, four names were randomly drawn for the four prizes that have been donated to support the promotion of Internet Safety in our schools. These four schools – Elk Grove, C.W. Dillard, Arlene Hein and Stone Lake – will be presented with a handheld video camera to use for their programs.

**Overview of the 2012-13
Governor's Proposed Budget**

- National and State Economy
- State Revenue
- Proposition 98
- 2012-13 Education Budget Proposals
- Risks
- History of Funding and Budget Balancing
- Next Steps

1

National Economy ¹

- The U.S. economy has finally begun to show signs of a sustained recovery, and concerns about a double-dip recession seem to be fading
- The Governor's Budget describes the national economy as a "slow, steady economic expansion" with more encouraging signs emerging in recent months
- U.S. unemployment rate has dropped from 9.2% in June 2011 to 8.6% in November 2011
- The greatest risk to U.S. recovery continues to be the European debt crisis
 - A number of nations are still striving to reduce their level of deficit spending

2

State Economy ¹

- Governor's Budget acknowledges that the fate of California is largely tied to the national economy
- Anticipation of strong growth in some sectors, such as technology and professional services will be held back by the continuing drag of the housing market
- State's unemployment outlook is expected to improve in the coming years
 - However, unemployment rate will remain one of the highest in the nation, at 11.7% projected in 2013

3

State Revenues ¹

- Governor's Budget includes a ballot initiative to increase state income tax and state sales tax, subject to voter approval in November 2012
 - Temporarily increase state sales tax by ½ percent until the end of 2016
 - Temporarily increase personal income tax for the state's top earners by up to 2% until the end of 2016
- Absent the tax \$3 billion baseline revenue growth projected
- Temporary tax increase would generate \$6.9 billion in new revenues annually to the State from 2013-2016
 - ✦ About \$2.3 billion of this gain would be counted in 2011-12
- In addition, budget assumes about \$1.5 billion from other revenue sources (payment delays & fee increases)

¹Source: School Services of Co, Inc. © "Governor's Proposal for the 2012-13 State Budget and Education." *The Fiscal Report* Date posted: January 5, 2012.

4

Proposition 98

- Ballot initiative approved by voters
 - Proposition 98 guarantee estimated at \$48.3 billion for 2011-12
 - ✦ This is \$661 million above the \$47.6 billion level forecast in the 2011-12 Adopted Budget
 - ✦ Budget assumes these funds would be appropriated as "settle-up" funding after 2012-13
 - The Proposition 98 guarantee for 2012-13 is estimated at \$52.5 billion
 - ✦ Proposal to use \$2.2 billion to buy down current cash deferrals
 - ✦ Effective funding to Proposition 98 would be \$50.3 billion
- Ballot initiative NOT approved by voters
 - The Proposition 98 guarantee for 2012-13 is estimated at \$50.4 billion
 - ✦ Proposal to use \$2.6 billion to pay bond debt payments
 - ✦ Effective funding to Proposition 98 would be \$47.8 billion

5

2012-13 Education Budget Proposals

- Elimination of Home to School Transportation Funding
- Consolidation of most state categorical funds to a single per student funding stream
 - Includes current Tier III Flexed Programs
 - Five year phase in at 20% per year
 - Rate is determined by district's percent of Free & Reduced Lunch and English Language Learners
- Funding for Optional Transitional Kindergarten Program
- Mandated Cost Reimbursement Reform
 - Eliminates nearly half of existing mandates
 - Remaining mandates would be funded using a block grant structure that encourages districts to continue performing mandates

2012-13 Education Budget Proposals

continued

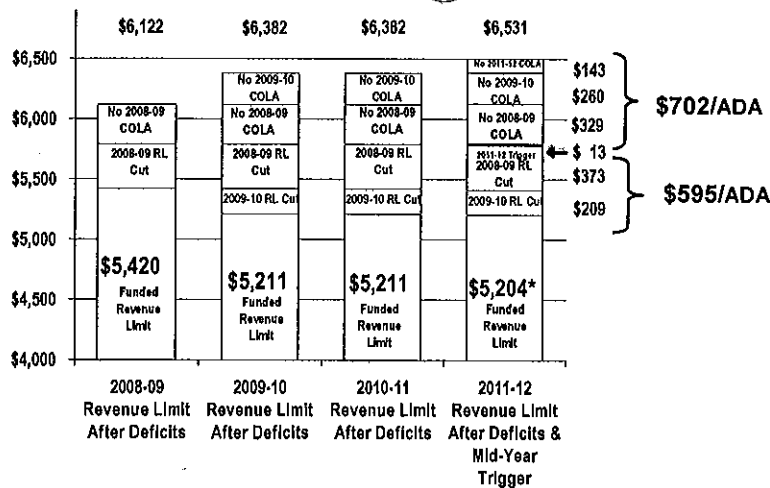

- Special Education growth funding of \$12.3 million
- Deferred Maintenance Funding of \$250.8 million with no match requirements by districts
- Child Care Funding
 - Reduction of subsidized child care slots, reimbursement rates and elimination of COLA
- Child Nutrition Program growth and additional fresh fruit and vegetable funding of \$57.2 million and \$2 million respectively
- Elimination of Redevelopment Agencies

Risks to the State Budget Proposal

- Districts will need to plan for both eventualities until the fate of the tax ballot initiative is determined
- Too many ballot measures could defeat Governor's ballot initiative
- Court challenges could thwart full implementation
- Unstable national and world economics
 - European Debt Crisis
- Equitable funding formula for single stream categoricals

Subject: 2012-2013 Open Enrollment Recommendations**Division:** Secondary Education**Action Requested:**

The Board is asked to review, provide feedback and take action on staff recommendations regarding 2012-2013 Open Enrollment at elementary and secondary schools.

Discussion:

The Board is asked to receive staff recommendations regarding 2012-2013 Open Enrollment at elementary and secondary schools and approve the timeline for the Open Enrollment process.

For the 2012-2013 school year, it is recommended that no elementary school be designated as an open enrollment site.

This recommendation is based on four key factors:

- ☐ Year-Round to Traditional Conversion
- ☐ Program Improvement/Public School Choice
- ☐ Intra-District Transfers – Child Care
- ☐ Offloading Students

At the secondary level it is recommended that seven middle schools and seven high schools be designated as open enrollment sites for 2012-2013. These schools are:

Middle Schools	High Schools
• Harriet Eddy Middle School	• Cosumnes Oaks High School
• Edward Harris Jr. Middle School	• Elk Grove High School
• Samuel Jackman Middle School	• Florin High School
• Joseph Kerr Middle School	• Laguna Creek High School
• Elizabeth Pinkerton Middle School	• Monterey Trail High School
• James Rutter Middle School	• Sheldon High School
• T.R. Smedberg Middle School	• Valley High School

Staff will again recommend and ask the Board to take action to stipulate that current Elizabeth Pinkerton 8th graders on Open Enrollment be allowed to matriculate to Cosumnes Oaks High School without reapplying for Open Enrollment. In addition, the Board will be asked to consider limiting the number of students leaving any individual school should transfer requests exceed 5% of a school's total enrollment.

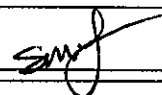

Site-specific data regarding Open Enrollment transfer requests will be brought before the Board for approval on February 21.

7-12 Rationale

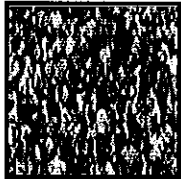

- Balance enrollment among schools
- Enhance school choice for parents and students
- Provide more equitable access to schools' academies and specialized programs

Secondary Open Enrollment Transfer Process

It is recommended that the following enrollment-impacted schools be exempt from the open enrollment process:

Katherine Albani Middle School
Toby Johnson Middle School
Franklin High School
Pleasant Grove High School

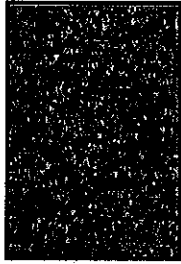

It is projected that the residing population and anticipated future growth at each school will meet or exceed enrollment capacity

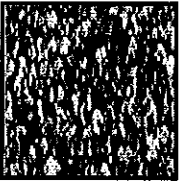

2011-2012 Open Enrollment Results Summary

- The district received 1,376 requests for Open Enrollment
- With the exception of Harriet Eddy Middle School, Samuel Jackman Middle School, and James Rutter Middle School, the net impact of Open Enrollment requests on student enrollment was less than 5%

Secondary Open Enrollment Recommended Cap

In order to maintain stable enrollments at each of our schools, we will again seek the Board's approval in establishing that no more than 5% of a school's students be allowed to open enroll at another school.

Secondary Open Enrollment Recommendation: Elizabeth Pinkerton Middle School/Cosumnes Oaks High School

- In completing our analysis of enrollment projections for 2012-2013 at Cosumnes Oaks High School, we are prepared to allow current 8th grade Open Enrollment students at Elizabeth Pinkerton Middle School (203) to attend Cosumnes Oaks High School without reapplying for Open Enrollment.
- This recommendation is for this year's students only; new analyses will be completed each year.

Open Enrollment Request

- In order to expedite the Open Enrollment process to support students' course selection and the district's staffing timelines, we are asking to begin the application process January 19, 2012.
- Data reflecting actual Open Enrollment requests will be presented to the Board on February 21 to assist in decision-making around the proposed 5% transfer limit.
- The Board will be asked to take action to approve Open Enrollment transfers on February 21, 2012.

Meeting Date January 17, 2012**Subject:**Department: Curriculum/Professional Learning**African-American History Month Resolution****Action Requested:**

The Board of Education is asked to approve the resolution designating February 2012 as African-American History Month.

Discussion:

This resolution celebrates efforts and achievements made by African-American individuals which have benefited all mankind.

The month of February has been designated African-American History Month by the California Department of Education. This observance permits the society at large, and the schools in particular, to celebrate the achievements of African-Americans and also to re-examine society's role in preserving the Civil Rights of all of its citizens. Although the study of the contributions and the literature about and authored by African-Americans is part of the curriculum throughout the year, this designation in February adds special emphasis.

Elk Grove Schools have many special events during African-American History Month in addition to activities and classwork that occur throughout the year in accordance with sites' and departments' student unity and diversity goals. At the elementary level, the African-American history activities are integrated into classroom discussions, art projects, social studies, and language arts. Some examples include the primary literature pieces of *Drinking Gourd*, *Wagon Wheels*, and folktales. All elementary schools include the study of famous African-Americans. At the secondary level, the specific pieces of African-American literature include *Black Boy*, *I Know Why the Caged Bird Sings*, *Native Son*, *Raisin in the Sun*, and *Kaffir Boy*. History/social science teachers teach students to view historical and contemporary events from diverse, ethnic perspectives and to clarify their ethnic identities.

Career Technical Education Month Resolution

Action Requested:

The Board of Education is asked to approve a resolution designating February 2012 as Career Technical Education Month.

Discussion:

The month of February has been designated as Career Technical Education Month. This observance allows us to celebrate the contribution of Career Technical Education (CTE) as a vehicle to provide our students with high quality school-to-career job placement experiences, as well as academically rigorous curriculum to prepare them for both college and workplace success.

The Elk Grove Unified School District offers its students a broad spectrum of CTE opportunities, beginning with middle school exploratory programs that lead to high school introductory, intermediate, and advanced courses, many offered through our Career Academies. Students also receive CTE training through the district's Regional Occupation Programs (ROP).

Elk Grove Unified School District's CTE programs are considered exemplary throughout the region and state. This resolution affirms the work of district staff in continuing to provide students with educational and workplace opportunities beyond those found in traditional instructional models.

**2011 Portable Classrooms at Various Sites
Amendment #3 to Lease Leaseback (LLB) Contract with Bobo Construction, Inc.**

Action Requested:

The Board of Education is asked to (1) approve an amendment to the Lease-Leaseback (LLB) contract with Bobo Construction, Inc., and (2) authorize a district representative to sign the approved amendment.

Discussion:

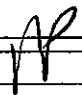

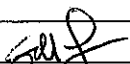

To date the Board of Education has authorized a LLB contract and two (2) necessary amendments associated with the purchase and placement of multiple new portable classrooms throughout the district. The purpose of the project was to better accommodate students and staff relative to the classroom modifications project increasing the size of classrooms that were less than 700 sq. ft., combined with the transition of some schools off of the Multi-Track Year-Round calendar and the uncertainties of K-6 class sizes for the 2011/2012 school year. These additional portables have ultimately allowed the District to successfully meet its classroom needs with the now established K-6 class sizes for the 2011/2012 school year.

Amendment #3 provides for the removal of unsuitable soils, replacement with aggregate base, additional irrigation and landscape mulch to complete the additional classrooms at Elk Grove Elementary School.

The Administration has negotiated a price of \$13,954.00 for this necessary additional work, bringing the revised Guaranteed Maximum Price to \$1,765,324.00.
